

Fire Alarm and Emergency Evacuation

Croon Caribe is a technical contractor that is active in Industrial, Commercial and Residential projects as well as Service and Maintenance.

We provide Electrical and Air Conditioning services to a wide range of clients on the islands of the Dutch Caribbean.

Croon Caribe is specialized in fire alarm and emergency evacuation systems.

As one of the leading electrical contractors on the island we were responsible for the fire alarm systems in many hotels and other buildings on the island. Some examples are:

- The Marriott Resort
- Hyatt Aruba
- Radisson Aruba
- Divi Links
- Reina Beatrix Airport
- Dr. Horacio Oduber Hospital

As a local contractor with support from our parent company in Holland and various fire alarm manufacturers in the region, we can offer a complete installation, from design to maintenance and periodic tests.

In general we provide the following services:

- Engineering according NFPA regulations
- Installation
- Commissioning
- Testing
- Trouble shooting and upkeep
- Advise
- Drafting
- Factory support
- Integrated solutions

We have a local staff of trained technicians specialized in maintenance, trouble shooting, repairs and installation works. We are supported by factory representatives for any questions you may have.
